SHORT-TERM ACCOMMODATION RESPIRE

What can Golden City Support Services do for you?

Short-Term Accommodation under the NDIS is often referred to as Respite.

We offer opportunities for people to:

- be involved in their local community and recreation
- build independence away from their usual accommodation
- be supported in skill development in daily-living skills
- enjoy and engage in new experiences
- to build and maintain friendships

How we provide support and make a difference in people's lives

- We are a planned respite service, providing 'on-going' respite to people throughout the plan period with regular stays
- Planned regular respite provides the space for carers to have the opportunity to look after themselves and other members of their family

- Our team are coached to provide support in ways that have been proven to make a real difference in people's lives
